Ross:

Called your voice line but your mail box is full. Have you had a chance to look at the Final report for this Site? I have a request for a copy from an attorney for the neighboring Gutter Supply company. Do you see any reason not to send her a copy yet? Also, when you look at the report, let me know if Footnote 1 on page 23 is **not** accurate. If its accurate, fine. But if its not accurate, letting this go without a reply could work against us at some future date.

Brian
